

OFFER FOR PILES

About the company...

The **Lábatlani Vasbetonipari ZRt.** is a company with a great past.

It was founded in 1942, the range of main products has since that time not changed: precast concrete and reinforced concrete elements, the main product was the railway sleeper. The new coming products grouped around this main product, the company produces turnout sleepers, support beams, floor beams, poles, **piles**, paving stones.

The Lábatlani Vasbetonipari Zrt. is a member of the RAIL.ONE group. RAIL.ONE is one of the leading manufacturers of concrete sleepers in Europe, and delivers innovative track systems for mainline and urban traffic, in Germany and throughout the world.

Today the Lábatlani Vasbetonipari ZRt. is a medium-size company with 400 employees. Belonging to the RAIL.ONE group provides an opportunity for the company to have a complete and complex activity and to increase the market share.

In 2003 the company established 3 divisions according to the 3 groups of products:

- ☐ Track system
- ☐ Poles
- ☐ Housing products

With the establishment of the divisions the company became a market and customer-oriented company. This is the strategic purpose of our quality management, too:

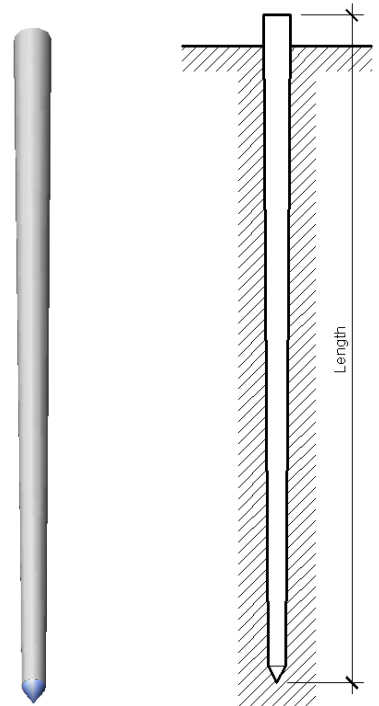

„ The management of the company support the demand of customers received through the division manager with technical development until the realization”

Piles

Név/Name	Kialakítás /Shape	Tömeg/Weight (kg/pc)	Hossz/Length (m)
CP12,5	conical	2800	12,5
CP13,0	conical	2850	13,0
CP13,5	conical	3000	13,5
CP14,0	conical	3200	14,0
CP14,5	conical	3500	14,5
CP15,0	conical	3600	15,0
CP15,5	conical	3800	15,5
CPH13,0	cylinder $\varnothing 50$	4900	13,0
CPH13,5	cylinder $\varnothing 50$	5150	13,5
CPH14,0	cylinder $\varnothing 50$	5350	14,0
CPH14,5	cylinder $\varnothing 50$	5500	14,5
CPH15,0	cylinder $\varnothing 50$	5700	15,0
CPH15,5	cylinder $\varnothing 50$	5900	15,5

Data are only for information! Length up to 20 m!

We can also produce according to individual plans!!!
